

Tennessee Agribition Hereford Show & Sale

March 10 - 11, 2023

Lebanon, TN

September 20, 2022

From your Tennessee Agribition Hereford Sale Committee.

The Agribition show and sale will be held March 10 - 11, 2023 at the James E. Ward Agricultural Center in Lebanon, TN. The sale manager will be Bobby Singleton. A letter with all of the sale requirements will be sent in early November.

Now is the time to start getting ready for the 2023 **Tennessee Agribition Hereford Sale**

Here are a few reminders.

1. We recommend that all lots have genomic EPDs.
2. Animals identified as **carriers of a genetic defect are not eligible** for this sale.
3. **Genomic EPDs are required on any lot that is a potential carrier of any of the defects.** Look at your animal's information on the AHA website and if their name is followed by any of the following designations DLP, HYP, IEP, MSUDP, or MDP they are potential carriers and must have results before the catalog goes to press. This also applies to all calves at side and service sires of bred females.
4. **Now is the time to submit DNA samples** due to the waiting period on getting results.
5. There will be a \$50 late fee for entries not received by **12/5/22** so start selecting your entries now so you can submit your consignment's name, registration number and footnotes on time.

If you have any questions don't hesitate to contact our sale manger or any one on the committee.
