• I'm sure by now everyone has heard what our Precious/ Catapult cows have done, and boy has one of them done it again! This Mighty heifer calf has some great running gear under her with that added dimension and power we all like to see. She gives you a striking look from the side, and the pedigree to go with it. This mating has been a go to for us in recent years, and this October heifer calf is just a little more proof in the pudding. Go ahead and jump on board, the Precious/ Catapult cattle simply don't miss!

• Bambi did her fair share of winning and was always a crowd favorite anywhere she went. In her first calf crop alone she produced the calf champion at Denver for Kathryn Coleman, Fifth overall breeds at the Mississippi Farm Bureau Classic for Kyp Lofton, Grand champion DC Fall Fair for Gentry Close, Supreme Overall at TN State Beef Expo (a feat that has never been done previously by a Hereford), and Reserve Supreme Overall at TN State Fair for the Cherry Family. We like to think that the mating to High Roller might be her best yet. If you are looking to take the next step in your show career, I would suggest figuring out a way to own this calf.

- Sired by a proven, popular bull with generations of AI breeding on her dam's side, Vogue takes the guesswork out of being a productive cow. She was the biggest, heaviest heifer in her contemporary group. Her maternal side traces back five generation on our farm; we still have her great grandmother. Gentle disposition.
- Bred on December 1, 2023 to CMF 1720 Gold Rush 569G ET, with sexed female semen. Gold Rush is a powerful, dark red, goggle-eyed Endure son backed by an exciting data set. Candy Meadow Farms describes Gold Rush as extremely sound structured with more thickness and muscle than most.
